

Daniel R. Levinson

1

We Will Cover:

- Telling the compliance story
- Guiding principles
- OIG's experience
- A new resource

2

Telling the Compliance Story

- Compliance industry is ready
- Benefits include:
 - Demonstrate our connection to quality
 - Help target limited resources
 - Have a positive impact

3

Guiding Principles

- Assess something meaningful
- Focus on the outcome, not output
- Understand/communicate results
- Be agile in how/what you're assessing

OIG's Experience

- We face the same challenges
- Our focus areas include:
 - Rx drug abuse
 - Home health services
 - Medicaid program integrity

A New Resource

- Roundtable in January 2017
- NEW: Measuring Compliance Program Effectiveness – A Resource Guide

7

This is Important to Our Community

- Ensure we have desired impact — helping deliver quality care to patients at lower costs
- Demonstrate value of compliance efforts towards achieving those goals

8
