Dear Medicare Provider,

The Centers for Medicare & Medicaid Services (CMS) has retained HMS Federal Solutions (HMS Federal) to carry out the Recovery Audit Contract (RAC) program in Region 4. The RAC program is mandated by Congress and has a primary goal of identifying Medicare improper payments. Improper payments include overpayments and underpayments. Improper payments may occur because of incorrect coding, lack of sufficient documentation or no documentation, use of outdated fee schedule or billing for services that do not meet Medicare's coverage and/or medical necessity criteria, etc.

Additional Documentation Request (ADR)

Request Type & Purpose: Additional Documentation Required and Request for Medical Records

Dear Medicare Provider/Supplier,

The Centers for Medicare & Medicaid Services (CMS) continually strives to reduce improper payment of Medicare claims. The Recovery Audit Program, mandated by Congress, has been developed to assist in accomplishing this goal.

Reason for Selection
1) Complex review(s) approved by CMS.
Additional Documentation Requests

<table>
<thead>
<tr>
<th>Additional Documentation Request Limit斯</th>
<th>Institutional Provider (Facility) Limits</th>
<th>Physician/Non-Physician Practitioner Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>• New annual ADR limit baseline is one half of one percent (0.5%) of the provider’s total number of paid Medicare claims from a previous 12 month period</td>
<td>• The limits will be based on the servicing physician or non-physician practitioner’s billing Tax Identification Number (TIN), as well as the first three positions of the ZIP code where that physician/non-physician practitioner is physically located.</td>
</tr>
<tr>
<td></td>
<td>• After three (3) 45-day ADR cycles, CMS will calculate (or recalculate) a provider’s Denial Rate, which will then be used to identify a provider’s corresponding “Adjusted” ADR Limit</td>
<td>• ADR limits will be based on the number of individual rendering physicians/non-physician practitioners reported under each TIN/ZIP combination in the previous calendar year.</td>
</tr>
