What is included in the cost of my attendance?

You will receive access to the sessions, supplemental conference materials, networking opportunities, and access to exhibitor pages.

What software is required to attend this event?

We use a variety of platforms based on the needs of each conference, but they are all web-based platforms and require a strong and stable internet connection. We highly recommend testing the platform once the access email is received to confirm you can access the platform, view the video player, and utilize the chat feature. Occasionally, those who access these digital platforms over a VPN can experience technical difficulties. Zoom will be utilized for small group discussions at applicable events, but downloading Zoom is not necessary, as they have a web-based version as well.

Can my co-workers listen in with me using screensharing or sitting together in the same room?

No, each individual who would like to participate in the conference needs to complete and submit an individual registration form. We do offer group discounts; please see our group discount options below.

Yes, registered paid attendees will receive 60 days access to session recordings approximately two weeks after the conference. Beyond 60 days, session recordings will be available for purchase. No audio or video recording by attendees is allowed.

Yes, we offer discounts for groups of three or more from the same organization for all our live in-person and virtual events (excluding webinars). Please send all group registration forms together to helpteam@hcca-info.org for processing. A separate registration form is required for each registrant. The group discount is NOT available through online registration. Continuing Education

Can I earn continuing education units (CEUs) for attending this conference?

Yes. This conference offers live Compliance Certification Board (CCB)® continuing education units (CEUs) for participation as well as other external credit types. For those attendees seeking these external credit types, you must participate in the conference using the online virtual conference format (not just using the dial-in) for attendance monitoring purposes.

To see the most up-to-date CEU approval information go to HCCA’s website, hcca-info.org/all-conferences, choose this conference, and then select the Continuing Education option on the left-hand menu.

How many CEUs will I earn from attending?

CEUs are assessed based on actual attendance and credit type requested. Should the overall number of education hours you attend or that the conference offers decrease or increase, the maximum number of CEUs available will be changed accordingly.

How do I request CEUs following this conference?

Following this conference, you will be provided the Application for Continuing Education Units (CEUs). To receive CEUs, you must submit this completed application following the conference to ccb@compliancecertification.org. Only registered attendees are eligible to request CEUs for participation.

When will I receive my CEU certificate for participation?

Once your completed Application for Continuing Education Units (CEUs) has been received by our staff, your CEU account will be updated within 2–4 weeks. To view your CCB CEUs and access your certificate, you can login to your online hcca-info.org account, go to your Account Dashboard, and scroll down to View My CEUs.

I would like to sit for one of the Compliance Certification Board (CCB)® exams following this conference; will I qualify?

While this conference, if attended in full, can provide you with all of the CEUs you need to meet the continuing education requirement, you will need to also review the applicable Candidate Handbook found at hcca-info.org/candidate-handbooks to ensure you meet the work experience requirement.

I have reviewed the Candidate Handbook and want to apply for the exam as soon as the conference concludes; what’s next?

Immediately following the conclusion of the conference, if you have reviewed your Candidate Handbook and submitted your Application for Continuing Education Units (CEUs), you can go ahead and apply online for your exam at hcca-info.org/apply-exam.

Can I take my exam remotely?

Yes, CCB offers the flexibility for candidates to take their exam remotely, at a local testing site, or following certain HCCA conferences. To learn more about our various testing options, visit HCCA’s website, hcca-info.org/exam-information.
